

Edu-Together Academy

"A Truly Unique Virtual School Experience"

Making it about YOU!

ETA's job is to help each student reach their academic potential

Students are an active part of every part of the learning process

No two students are exactly the same.

Edu-Together's Approach...

Live online classes designed to meet your academic needs and learning styles.

Strong communication between ETA's admin team, teachers, parents, and students.

Support options including guidance counselors, academic coaches, therapists, and other professionals available as needed.

Several "fun" subjects available for all grades and interests.

Several Learning Options Available...

Full-time students
(4 core classes)
